Dear Friend,

I hope this message finds you and your loved ones well and happy! I am writing to invite you to learn about the opportunity to become a **Peace Ambassador** as part of a new, historic **Global Prosperity and Peace Initiative**.

I am Dr. Paula Fellingham, Director of the Global Prosperity and Peace Initiative that was officially launched at a highly successful international conference on November 17 – 20, in Salt Lake City, Utah, U.S.A.

See www.ProspertyandPeaceInitiative.org.

As part of the Prosperity and Peace Master Action Plan (MAP), Peace Ambassadors from each of the world's 196 nations will play profoundly significant roles.

We are searching for qualified people to become Peace Ambassadors. You are receiving this letter because during our research we learned that you are an outstanding person who could become a Peace Ambassador as part of the largest Global Prosperity and Peace Initiative ever created in history.

As a Peace Ambassador you will:

- Participate in a Global Prosperity and Peace Initiative that will be implemented in 196 nations.

Global Prosperity and Peace Initiative Overview

What would it would look like – and *feel* like – if in the hearts and homes of humanity there was more love, prosperity, and peace?

Our mission is “**to increase the level of love, prosperity, and peace on Earth.**”

A huge project? Certainly.

Important? Millions would answer, “Yes!”

Possible? Absolutely!

The good news is that we have a plan that can work. Here is a simplified version:

1. **The Global Prosperity and Peace Initiative was launched at a highly successful international event on November 17 – 20, 2016, in Salt Lake City, Utah, U.S.A.** The Initiative was announced to the world in collaboration with individuals and organizations worldwide. Regional Directors, National Peace Ambassadors and Peace Ambassadors are being carefully selected now. See www.ProspertyandPeaceInitiative.org
2. **A Master Action Plan (MAP) for Prosperity and Peace will be implemented in 196 nations.** The Prosperity and Peace MAP will include such things value lessons for children, modules on how to start and grow successful businesses, curriculum for increased peace in corporations, uplifting literature, art, and music from each culture, and much more. Content will be accessible on mobile devices.
3. **We will stay connected with National Peace Ambassadors and Peace Ambassadors closely** through social media, conference calls, webinars, online forums and annual Peace Summits held in each nation. We will collaborate with individuals, embassies, local leaders, organizations, schools, parents, etc. worldwide.
4. **There will be measurements in place to quantify progress.** An comprehensive study is being produced by experienced statisticians, and data will be gathered regularly from participants worldwide to measure progress re: the Global Prosperity and Peace Initiative.

If you would like to learn more, or if you would like to participate in this glorious global Initiative, email info@ProspertyandPeaceInitiative.org or contact the person who sent you this message.

I very much look forward to working with you as we collaborate with people worldwide to fulfill a magnificent global mission - to lift the level of love, prosperity and peace in the world.

With lots of love,

Paula Fellingham
